

A screenshot of a web browser window. The address bar at the top shows the URL "127.0.0.1:5501/Practical%208/task1.html". The main content area has a dark gray background and features a form titled "Gym Admission Form" in a large, bold, black serif font. The form contains three input fields: "Full Name:" with the text "sushmit", "Email:" with the text "sushmitp1@gmail.com", and "Age:" with the text "20". Below these fields is a "Submit" button. On the right side of the form, there is a dark gray notification box with rounded corners. It contains the text "127.0.0.1:5501 says" in a bold, light blue font, followed by "Form submitted successfully!" in a regular, light blue font. At the bottom right of the notification box is a light blue "OK" button with a dark blue border.

```
<!DOCTYPE html>
<html>
<head>
  <title>Gym Admission Form</title>
  <script>
    // Live validation for Name
    function validateName() {
      let name = document.forms["gymForm"]["name"].value;
      let error = document.getElementById("nameError");

      if (name.trim() === "") {
        error.innerHTML = "Name is required";
      } else if (name.length < 3) {
        error.innerHTML = "Name must be at least 3 characters";
      } else {
        error.innerHTML = "";
      }
    }

    // Live validation for Email
    function validateEmail() {
      let email = document.forms["gymForm"]["email"].value;
      let error = document.getElementById("emailError");
